Welcome to the Valley Bullies Team!

ONE YEAR HEALTH GUARANTEE

- New owners must have their puppy thoroughly examined within 72 hours of purchase to ensure the pup is in good health and there are no fatal or life altering diseases that may cripple your puppy within the first 12 month of age. All pups are sold honestly and evaluated as accurately as possible. All efforts have been made to ensure your new puppy is in good health before pick up, has received proper vaccinations and deworming, and is fully ready to become a new forever member of your family.

- If there are any concerns by a licensed veterinarian that your puppy may have a life threatening diagnosis, said pup must be examined by a second licensed veterinarian with that same diagnosis.

- Said puppy is guaranteed for the first 12 months of age. Replacement puppies will not be given for injuries or illnesses that may be fatal. All pups that show any kind of genetic defect that may cause death will be replaced by a new puppy of equal value. Seller will be allowed up to **ONE YEAR** to replace your puppy and it is understood that the replacement puppy **MAY** or **MAY NOT** be from the same parents, the same sex, or the same color as the puppy that was originally purchased.

- Buyer must take into consideration that not every pup from each litter will be of show quality.

- Bull breeds are known for having skin irritation/sensitivities as well as possible joint inflammation and these types of issues are not placed in our hands and will **NOT** be covered in the 12 month guarantee.
